

## 1 3/8" SERIES CASEMENT

Armor's new 1 3/8 series window is designed for Canada's most extreme climate. The product is available in triple glaze with an overall glass thickness of 1 3/8" and achieves excellent Energy Star values and has been certified to the most stringent standards (NAFS) for CSA.

Armor casements in a standard 3 1/4" frame depth can be customized with various jamb options.

Weather seals made from santoprene rubber and schelegal prevent air and water leakage.

Durable stainless-steel hinges and sash tracks are guaranteed not to rust.

Fusion welded sash and frame with multi-chamber design for added strength and insulating value.

Truth Encore hardware with lifetime guarantee provides years of effortless operation.

Standard triple glaze with 1 3/8" standard overall glass thickness with LoE and Argon Gas.

## ALSO AVAILABLE IN AWNING.

1 3/8 Series Triple Pane is also available in Awning, Hi- and Lo-Profile Configurations.

## TRUE TRIPLE GLAZING.
